## Statement of Applicant Responsibility

[Hyperlink to direction: instructions.doc](#)

Please read the following statement outlining your responsibilities in the application hearing process.

An amendment to California Law (AB 884), adopted in 1977 and effective January 1, 1978, requires the County of Sacramento and all other jurisdictions in the state to take final action to approve or disapprove a request like yours within one year of the County's acceptance of your application as complete. In most cases, the County has approved requests like yours in significantly less time. However, the legislation now requires the County to "count down" the days so that requests are not inadvertently approved without approval by the Board of Supervisors or a designated body.

The law requires Sacramento County to inform you within 30 days after the application is submitted if your application is incomplete for our needs. If the application is complete and has all the information we need, the processing will be initiated immediately. If additional data is needed, a letter will be sent to you specifically stating the information needed. The staff will not certify the applications completed until all the requested items have been submitted to the County and the required fees have been paid.

PLEASE BE ADVISED THAT THIS APPLICATION IS NOT APPROVED UNTIL THE ULTIMATE HEARING BODY HAS TAKEN ITS FINAL ACTION AND ALL APPEALS EXHAUSTED. ANY RECOMMENDATIONS OR COMMENTS BY STAFF OR ACTIONS BY INTERMEDIATE HEARING BODIES ARE ONLY ADVISORY AND SHOULD NOT BE RELIED ON FOR THE PURPOSES OF MAKING FINANCIAL COMMITMENTS.

Your application will be heard in a public hearing, and it is important that a reasonable effort be made to advise your neighbors or adjoining property owners (those within 500 feet of your property) of the time and date that your application will be heard. This provides an opportunity for those most affected by a proposed use to provide input to the hearing body. The County is required by law to notify all those property owners within 500 feet that are shown on the latest assessment roll. It is the responsibility of the applicant to contact the Assessor's Office and list the names and addresses on a form that is attached to the application. Following is a statement for the applicant to read and sign.

I understand that it is my responsibility to pay the entire filing fees at time of submittal. Also, the application is not considered complete until the total Planning Department fees have been collected.

I understand that it is my responsibility to prepare a 500-foot radius map as described on the "Instructions to Applicant" sheet, to list all the parcel numbers within the 500-foot radius, and to record the name and address (including zip codes) of the property owners of all parcels. I certify that a) the property owner's list is complete and accurate as shown on the latest assessment roll in the County Assessor's Office, and b) I have read and understand the above information regarding application processing.

My mailing list includes a total of 3 pages and 58 property owners.

- I have contacted the Sacramento County Department of Water Resources division of Storm Water Quality at (916) 874-1353 to determine if my project requires Source Controls, Runoff Reduction Measures, or Treatment Controls. ***These requirements can dramatically change a project so early consultation is highly recommended.***
  
- I understand that pursuant to State Fish and Games Code Section 711.4, a filing fee is required for all projects processed with a Negative Declaration or Environmental Impact Report unless it has been determined by the California Department of Fish and Game that the project will have no effect on fish and wildlife. The fees are collected by the Sacramento County Department of Environmental Review and Assessment for payment to the State. I understand that I will be notified of the fee amount upon release of the environmental document for the project. To avoid this fee I understand I must complete a NO Effect Determination Form with the California State Department of Fish and Game. ***Contact DERA for more information.***
  
- I understand that all applicants are required to provide a Neighborhood Outreach Plan. I will include my neighborhood out reach plan in my Justification Statement. Contact the Sacramento County Department of Neighborhood Services for more information 10425 Norden Ave Sacramento, CA 95655 Phone: (916) 231-0038 [www.dns.saccounty.net](http://www.dns.saccounty.net)

## **Variance Supplemental Application Form**

Hyperlink to direction: [instructions.doc](#)

---

In order for a Variance to be granted, mandatory findings must be made. To assist in understanding why a Variance is necessary for your project, please describe below how your project qualifies under the following findings. Variances shall not be granted for authorized uses or activities which are not otherwise expressly authorized by the Zoning regulation governing the parcel.

Finding 110-20 (a):        Because of special circumstances peculiar to the subject property, including size, shape, topography, location or surroundings; or because of the location of Heritage or Land Mark Trees as defined and regulated by Chapter 19.04 of the Sacramento County Code the strict application of the requirements of this Code would deprive the subject property of privileges enjoyed by other properties in the vicinity and under identical zone classifications.

**DESCRIBE WHAT SPECIAL CIRCUMSTANCES ARE APPLICABLE TO THE PROPERTY THAT PREVENT CONFORMANCE TO PERTINENT ZONING REGULATIONS:**

Finding 110-20 (b):        The grant of the variance would not constitute a grant of special privilege inconsistent with the limitations upon other properties in the vicinity and zone in which the subject property is situated. (Special circumstances particular to subject property are leading the property owner to be deprived of privileges).

**DESCRIBE WHY GRANTING A VARIANCE WOULD NOT BE A SPECIAL PRIVILEGE:**
